## *Company Profile*

Established in 1998, NewLine group of companies has a very strong foothold in the knitted garment export industry. With more than a decade of expertise in the field, we specialize in manufacturing and exporting fashionable and eco-friendly knitted garments. Having a greater affinity towards excellence, we never compromise on quality. Prompt delivery and Customer satisfaction are the dualistic attributes we care for at NewLine Exports.

## **What We Do**

Being an international knitwear exporter, we serve far and wide catering to the demands of the global market. Taking full responsibility for the highest quality, we deliver superior garments, idealizing our customers' requirement and satisfaction

## *Diverse Range Of Kind Work*

Our quality programme starts right from yarn to packing .On every step of production we concentrate on quality, to make sure all the parameters are followed. Our QC team is managed by the QC manager, under his strict guidance to follow all the methods to fulfill international standards

## *Infrastructure*

### **Cutting Division**

Cutting is the main phase in garment making. A Garment can't be made without cutting. In our firm cutting is done by the persons who are perfectly skilled and keeping in mind. We have modern hand cutter and pattern cutting machines.

### **Automatic Printing Division**

Mirra Printing division takes care of the requirements of printing on knitted fabric as well as garments. The printing can be done in a number of colors, qualities and various effects as per buyer's specifications. Standard dyes are used in printing.

### **Stitching Division**

Power singers, Lace works Button hole machines, Press Button Machines, Smocking Machine, Rib Cutting Machine, Net Folding Machine. We use the most modern and single needled machines which produce in large volume. Our stitching unit has a strong work force of skilled persons.

### **Checking Division**

Every garment is subjected thru a initial check in the production on to the line and only then passed on to the separate checking division for a final checking.

### Ironing division

We depend on modern methods for ironing. We use adjustable flat horizontal tables and modern steam pressing boxes for ironing garments. Vacuum sucking machines are used to take away the excess moisture in the garment due to Steam Ironing.

### Finishing division

We buy our Packing Materials from leading suppliers and professional providers to Garment Exporters. We use only Oeko Tex certified labels produced from fully computerized labeling machines. We use only poly propylene and polyethylene bags with colour printing.

---
